

Get It Off Your Chest

Cycling Comments

1. What about cycle routes!

Roads, Footpaths and Parking

2. Footpaths to Bridgwater should be wider and safer
3. Rubbish yellow lines
4. Parking around Mill lane and surgery is very difficult for residents. Could we use part of front gardens?
5. Parking in High Street near URC- cemetery very difficult could the verge be used?
6. The Spar shop, used by so many, doesn't have enough places to park near it
7. Parking in the village centre a priority
8. Churches and The Globe have no car parks
9. Parking for shops and village hall is needed-make Brook Street one way so half road can be a parking bay
10. We need more parking now!
11. Have you thought about the Health Centre- it can't cope now (hardly copes, may be better) this includes parking
12. Footpaths too narrow
13. Village needs a 7.5GVW limit when by pass is finished.
Regain our village
14. When by pass is built restrict "heavies" from using Rodway
15. No through road on Withiel Drive to prevent rat run to village from the (*new*) by pass
16. Get the (*new*) by pass done first

-----Other Matters---

17. What ever you do people moan!! Be +Positive Please

Get It Off Your Chest

18. Retain mobile library service-may be link with school +/-or toddler groups
19. Bus service should return to every 30 mins.
20. All new housing should have solar panels as standard and parking for minimum 1car
21. Business units in Cannington boundaries
22. More space for development of URC (*United Reform Church*)
23. The new by-pass should not be used to provide access to unwanted large Res. (*residential*)developments
