

January 2015 Questionnaire

Young People

Respondent Reference Number	Postcode	Age	Gender	Response
001/JAN15	TA5 2HL	20 - 60	Female	I support giving/providing young people places to hang out and things to do. I like having all the young college people around, they give the village a nice buzz
002/JAN15	TA5 2RL	20 - 60	Female	It would be a shame if facilities were provided and they were under used
004JAN15		Over 60	N/A	We agree
005JAN15	TA5 2RJ	20 - 60		There isn't a lot for older children in the village. Any new developers should be encouraged to help finance recreation facilities - i.e. new village hall.
006JAN15	TA5 2JY	20 - 60	Male	Older youth?
006JAN15	TA5 2JY	20 - 60	Male	Weaknesses - No central community facility with modern facilities and parking. Lack of control of parking. Flooding. Threats - no community spirit/cohesion as village grows
007JAN15		20 - 60	Female	Cannington to provide enhanced recreation facility. Especially for older youth
008JAN15	TA5 2JT	20 - 60	Male	Where possible we propose'.....the gist is easy to spot isn't it?
009JAN15	TA5 2HH	Over 60	Female	I agree.
010JAN15	TA5 2LY	Over 60	Female	All weather sports area central to the village (see Stogursey) would be good. The football pitch at Rodway is too far out - would the college buy so we could invest somewhere more central. Could we use the school field when school is out?
011JAN15	TA5 2NW	20 - 60	Male	I'm not entirely sure on what percentage of the village are children i.e. 18 and under, however I do feel that the facilities we have here are targeted at children up to say 10, 11 or the most 12 years of age. If possible I feel we should have sports facilities or recreation facilities for teenagers and upwards including adults of all ages. Is there a possibility of talking to the College and/or EDF (even both - College with ground and EDF with funds) to see if there is an appropriate space for any development of this kind?
012JAN15	TA5	Over 60	Male	I'm not sure that 'older youth' would use recreational facilities. Noise could also be a problem.
013JAN15	TA5 2LX	Over 60	N/A	Recreation facilities badly needed. Sports hall as well as outdoor - such as tennis courts

014/JAN15	TA5 2HE	Over 60	Male	Encourage active integration within the village. College and Brymore should be more active in village activities. <i>(All policies mentioned are ticked)</i>
016/JAN15	TA5 2HF	20 - 60	N/A	Housing development to incorporate sports facilities, green areas for youth. The village needs to remember with the expansion of Hinkley Point housing will be required. We have areas in the village that state now no ball games, no cycling, what's the point of this.
017/JAN15	TA5 2HW	20 - 60	Male	Good idea(s). Improve & expand on Cannington Activity Centre, paintballing & scout hut perhaps use Village Hall more.
018/JAN15	TA5 2HP	Over 60	Female	Important to consider youth but please don't consider older generations.
019/JAN15	TA5 2QH	Over 60	Male	These are important policies for encouraging our youth to remain within the area, providing that they respect any facilities provided.
020/JAN15	TA5 2JT	20 - 60	Female	Making sure we involve the youth group & organisations that are in our area, including Cannington School and Cannington College as this will encourage them to also help look after these areas.
021/JAN15	TA5 2HD	Over 60	Male	Fine but Bridgwater College holds vast tracts of land surely we would liaise with them to make recreational land available for village use.
022/JAN15	TA5 2LU	Over 60	Male	Badly need sports/community hall, could it be part of the EDF Hinkley investment deal?
024/JAN15	TA5 2RU	Over 60		I agree with the above proposals. Can the facilities at the existing amenity area for young children be upgraded/improved. Provide building/covered area if recreation space is found for older youth.
025/JAN15	TA5 2HU	20 - 60	Female	I think more should be done for the younger children. The youth club is great, but there is nothing for the younger children aged 4 upwards. Trying to keep them entertained throughout school holidays and also include the older youth to help out
026/JAN15	TA5 2HP	20 - 60	Male	Sports and orienteering, organised walks and orienteering with supervised guides for all with geological archeologically interest
027/JAN15	TA5 2JR	Over 60		Good
028/JAN15	TA5 2JR	Over 60		If whatever you decide, can help young people to engage in useful leisure facilities, i.e. Sport, semi-educational, but mainly to make life as enjoyable as possible.
029/JAN15	TA5 2HW	Over 60		Young people of Cannington need more supervised facilities. Football pitch nearer the village, youth club etc.
030/JAN15	TA5 2HB	Over 60	Female	The proposed policies seems a good idea.
031/JAN15	TA5 2LX	Over 60	Male	A purpose built village hall with adequate space for indoor sports and safe parking. A village of "our" population should have these facilities. EDF should be paying for this as the legacy, far more useful for everyone's benefit.
032/JAN15	TA5	20 - 60	Male	Make better use of the playing field & potential cycle track for access.
035/JAN15		Over 60	Male	Need to get young people on to the steering group it have a say in their own future village plan.

036/JAN15	TA52LX	Over 60	Female	No opinion
037/JAN15	TA5	20 - 60	Female	There is very little for older youth to do. Would it be possible to expand the playing field facility for example purpose built youth club, squash or badminton court, tennis court, netball etc?
038/JAN15	TA5 2HH	20 - 60	Male	All of the above should be made a priority where possible and enforced.
039/JAN15	TA5 2HP	Over 60	Male	Agrees with policy 1, except where possible nuisance might arise i.e. Late night noise. Agree with policy 2 but easily policed to avoid abuses such as drugs etc.
041/JAN15	TA5 2LU	20 - 60	Male	The recreation facilities in the village are underused by young people as it is so am unsure how they should be restructured to encourage participation. I believe the plan should look at existing facilities in the area and not complete with them but develop opportunities.
043/JAN15	TA5 2HU	Over 60	Male	You did not propose any development or enhance recreation facilities when you gave planning to 16 houses on the land next to the playing field in Brook Street, it could have been a great chance to help the whole village.
044/JAN15	TA5 2RH	Over 60	Male	There is precious little to offer young people in Cannington.
045/JAN15		Over 60	Female	In the Community Orchard to involve teenagers not just ones studying woodwork to install wooden seats and six picnic tables. We have the space, negotiate with Bridgwater College Cannington Centre to share their facilities they are part of the village, we pay our taxes for them, they need to integrate more. Cannington Court to share its new training facilities, the Head of this project and team have already indicated that they intend to do this at the first open meeting to the public so it needs us to grasp the opportunity now. Schools to share their facilities.
045/JAN15		Over 60	Female	Negotiate with Chilton Trinity School so that a Councillor or Member of the Village (CRB checked) may visit and do a presentation inviting their comments (all) and feedback. A free and easy discussion. Maybe English teachers could incorporate a lesson where they have a debate with one of the teenagers at the front writing down all their comments. To include all abilities in this exercise. Our website needs to be 'responsive' so that it is accessible and readable on all devices such as Smartphone's, mobiles, tablets to assist in engaging young people with the village. The village needs a Young Person Co-ordinator. The Village needs a Technology co-ordinator to invite teenagers to put videos about the village using You Tube. Link up with the YMCA in Bridgwater, Somerset Rural Youth Project (Blackdown Hills Environmental Project) and Somerset Youth to share knowledge and activities. Negotiate with Bridgwater College to get involve and offer services. Young people need somewhere 'grown up' to drop into.

045/JAN15		Over 60	Female	<p>Where possible we propose any development should help enhance recreation facilities. Investigate possible spaces for recreation for older youth. Secret garden behind village hall to be used as summer meeting place for young people, rush shelters to be constructed by them, seating and sun loungers to be constructed by them, BBQ, plant with perennial grasses, wildflowers and veg plot together with Peach and Plum trees, ensure it can pick up wifi signal from Village Hall, give all young people the access code for wifi, give two supervisors key to the gate into the garden.</p>
