In terms of interpretation of Local Plan Policy T2a, two sites outside but well related to the settlement have come forward and have been delivered or are otherwise committed. These sites are over and above the commitments identified as of April 2015 set out in Policy T2a. They are therefore considered to count towards the 150 figure identified for the settlement. Details are below:

Ref	Site Address	Dwellings Yield	Status
13/14/00030	Land to the East of, Main Road, Cannington, Bridgwater	16	Completed 2017/18
13/18/00040	Grange Farm, Main Road, Cannington	73	Outline Permission –current commitment
	<b>TOTAL</b>	89	

This therefore leaves a residual of 61 for the purposes of Local Plan policy T2a.
